

**MBEYA UNIVERSITY OF SCIENCE AND TECHNOLOGY
COLLEGE OF SCIENCE AND TECHNICAL EDUCATION**

DEPARTMENT OF APPLIED SCIENCES

**CALL FOR APPLICATIONS FOR A PRACTICAL TRAINING ON
'ENVIRONMENTAL ANALYSIS'**

About Mbeya University of Science and Technology

Mbeya University of Science and Technology (MUST) is a full-fledged government institution with the vision to become a leading center of excellence for knowledge, skills, and applied education in Science and Technology. The College of Science and Technical Education within MUST was established to address the shortage of graduate teachers and experts in Science and Technical education in Tanzania, offering high standard and sustainable quality services in various scientific and technical disciplines.

About Training

This 5-days intensive course is designed to provide hands-on experience and practical skills in environmental analysis. Utilizing the advanced facilities at Mbeya University of Science and Technology, participants will learn to conduct accurate and reliable laboratory analysis in different environmental matrices.

Target Audience

- Laboratory Technicians and Scientists
- Students and Academics in Environmental Studies
- Agricultural and Natural Resources Officers
- Environmental Consultants and Engineers
- Regulatory and Compliance Officers
- Anyone Passionate about Environmental Sustainability

Training Topics

1. Environmental Sampling Techniques
2. Water Quality Analysis
3. Soil Analysis
4. Air Quality Analysis
5. Analytical Instruments and Techniques
6. Microbiological Analysis
7. Quality assessment in environmental analysis
8. Environmental Regulations and Standards
9. Fieldwork and Practical Applications

Application Dates: Enrollment is now open until **16th July 2024** 23:59 pm EAT.

Program Duration: The course will be carried out from **5th to 9th August 2024**.

Cost for Participation: 850,000/= TSh. (Covering breakfast, Lunch and Refreshment, and Training Materials and Lab consumables). Participants are expected to cover their travel, accommodation and subsistence.
